

ISO 14001

Certificate of Registration

conferred upon

AEROJET – CAMDEN OPERATIONS Highland Industrial Park, Camden, Arkansas, USA

Scope of Registration: design manufacture and test of solid propulsion devices and systems, including solid rocket motors, igniters, warheads and gas generators; manufacture and test solid propulsion grains for use in the automotive airbag systems; related waste management; and remediation of contaminated environmental media.

Having been examined in detail for conformance to the requirements of ISO14001:2004, and having been determined by Advanced Waste Management Systems, Incorporated, the Registrar, to be in conformance with all provisions of this international standard, the Environmental Management System of the organization is hereby registered to ISO 14001. The scope of this registration includes all operations and activities of the organization as specified above. **The re-registration due date is October 10, 2011**, providing the organization maintains its Environmental Management System in accordance with the specifications of ISO 14001 and the requirements of the Registrar. Advanced Waste Management Systems, P.O. Box 100, Hixson, TN 37343, is an “ANAB EMS Accredited Registrar.”

In witness whereof this Certificate of Registration is granted and the Mark of Registration and our signatures are hereunto affixed.

Attested to this 10th day of October 2008.

Richard A. Ellis, Ph.D.
Arbiter of Registration

James N. Mullican, P.E.
