

ACCIDENT - REPORT/INVESTIGATION

Under the provisions of the most recent DoD Contractor's Safety Manual for Ammunition and Explosives, 4145.26-M, Chapter 2, Subcontractor hereby agrees to conform to the following as specified in DFAR 52.223-7002 and 7003;

- a. Subcontractor shall report promptly to the Buyer all pertinent facts relating to each accident involving ammunition and explosives that result in one or more of the reporting criteria listed in DoD 4145.26-M, Chapter 2.
- b. Also in accordance with DFAR 52.228-7006, if the Government and/or Buyer elects to conduct an investigation of the aforesaid accident, the Subcontractor will cooperate fully and assist the Government or Buyer's personnel until the investigation is completed.
- c. Subcontractor will include a similar clause (referencing "a" and "b" above) as a flowdown to any subtier subcontractor (resulting) to obtain their cooperation and assistance in accident and investigation under this clause.
- d. Acceptance by the Subcontractor of the clause contained herein does not convey acceptance by Buyer of any costs beyond those stated in the contract referencing this enclosure.
